General Instructions

The envelope shall be superscribed:

"Tender for Deployment of Refrigerated Truck/Container at Dairy."

- The refrigerated truck/container shall be stationed at the Dairy for cold storage of curd trays during Onam season.
- TDS shall be deducted as per the provisions of the Income Tax Act and applicable Government rules.

Price basis

Daily Rental Charges - Charges for deployment of refrigerated truck/container per day, inclusive of operator charges.

Hosting Charges - Charges including to-and-fro transportation, operator charges, taxes, insurance, permits, and all incidental expenses. No additional claims shall be entertained except those specifically permitted under the contract.

Terms and Conditions

1. The refrigerated truck/container shall normally operate using electrical power throughout the contract period. The contractor shall provide suitable electrical charging cables and accessories. Charges, if any, for operation using engine power due to power failure shall be claimed separately with supporting records and subject to approval by the Engineer-in-Charge.

2. The contractor shall ensure continuous maintenance of the internal temperature between 0°C and +4°C throughout the storage period.

3. The contractor shall deploy a fully operational refrigerated truck/container at the specified location within the stipulated schedule.

4. Any breakdown or malfunction shall be attended immediately. If repairs cannot be completed promptly,

the contractor shall arrange a replacement refrigerated truck/container of equal or higher capacity at no extra cost.

5. Any damage or deterioration of dairy products resulting from failure of the refrigeration system, improper temperature maintenance, or negligence of the contractor shall be recovered from the contractor.

6. During the entire halting period, one driver/operator for each vehicle/container shall remain available at the Dairy for operating the vehicle and attending emergency requirements.

7. Transit Charges: If the loaded vehicle is required to be transported from one unit to another unit or hub, the contractor may raise a separate invoice for the applicable transit charges.

NB -Rental charges shall be applicable only for the period during which the refrigerated container is used for loaded materials. If the vehicle remains empty or is no longer required, the contractor may withdraw the refrigerated truck. In such cases, payment shall be made only for the actual number of days the vehicle was utilized.
